How did everyone come back so quickly with the same decision? I figured there would for sure be some debate in there

The whole team thought you were a really good person

Everyone was saying he did it

I said let's give him benefit of doubt but nooooo

Benoni

Benoni: Yup only me

So what made you go the other way?

lack of support and evidence

I think Marty lawyers didn't do a good job

Benoni: How's Marty?

Marty is trying to stay positive... I think he's frustrated so much evidence that proves his innocence wasn't allowed in court...

Really

He should appeal

I guess he will win in higher court
